# The Originators of the Keepsake Pendant

## Our Story of Inspiration

In March of 1992, our family lost a wonderful, spirited friend and mother. Her views on life were inspirational: "Love the moment" and "Death is the greatest adventure of all."

Madelyn  
3/14/25 - 3/25/92

Still, in the months that followed, we sought another source of comfort and strength.

From Madelyn Saxon's zest for living and her ability to embrace death, the concept of the Keepsake Pendant was born. A symbol of continuing love . . . a reassuring remembrance to keep close to one's heart.

In creating our pendant line, we had a simple purpose: to enable others to cope more easily, to hold a source of comfort in their hands and to find peace in their hearts.

Our Keepsake Pendants bring memories to an even more personal level by holding a small portion of cremated remains, a lock of hair or dried ceremonial flowers. The pendants may be worn or displayed in a glass dome.

This brochure shows the pendant styles in beautiful detail.

The opportunity to choose a Keepsake Pendant presents itself only once. The comfort a Keepsake Pendant offers, lasts a lifetime.

Sincerely,

*Wisa Saxon Bruor*  
*Joni A. Cullen*

## To Our Valued Customer:

Madelyn Co. inspects and individually wraps each item to ensure its safe arrival. As in the nature of hand-crafted goods, the finishes may vary from piece to piece. Some pendants have a high polished finish which may scratch easily, so please handle with care. Care cards are enclosed.

Madelyn Co. has a 100% guarantee policy on the quality and satisfaction of our product line. To maintain our guarantee, all pendants must be sealed with glue after filling. We are not liable for un-sealed, incorrectly glued pendants or lost pendants due to a broken chain.

## Frequently Asked Questions

**What is Gold Vermeil?** Gold vermeil is 23K gold-plating over sterling silver.

**Are the pendants waterproof after they've been sealed?** We do not recommend submersing pendants in water after they are filled, this may weaken the bond. We are not responsible for replacing pendants that have lost their bond after being worn in water.

**Do the pendants contain nickel?** 14K white gold contains nickel, while sterling silver, gold vermeil, and 14K gold pendants do not. White bronze and yellow bronze pendants do not contain nickel, however the pewter items do contain a trace amount of nickel.

**Are chains and cording included?** Chains are included with Titanium and Stainless Steel pendants only. The chains are made of the same metals. Sterling silver, gold-filled chains and the leather cording (no clasp) are sold separately. We do not sell 14K chains.

**What are gold-filled chains and why is it the next best thing to solid gold?** Gold-filled wire is made from a solid gold tube filled with a metal alloy in combinations of brass, bronze and/or silver. Electroplating is NOT part of this process. Our 14 karat gold-filled is marked as 1/20 14K. Gold-filled jewelry, with reasonable care, will last a lifetime.

**How do I care for my gold vermeil jewelry?** Frequent cleaning is recommended to maintain its true beauty. Salt water, chlorine in swimming pools, soap and perspiration take their toll on all fine jewelry. Wipe your jewelry carefully with a soft cloth to keep it clean and free of these elements which oxidize.

**Are all pendants fillable?** All pendants can be filled.

**Are these pendants only for cremated remains?** Our Keepsake Pendants are also designed to hold a lock of hair, dried ceremonial flowers, or soil from the burial site. Select pendants can also be personalized with engraving and hung empty in a display dome.

**How long does shipping take?** We ship via United States Postal Service (\$12.00 standard shipping) unless otherwise specified. UPS ground 4-5 business days is also available. Upon request, we can ship Next Day Air UPS, Next Day Early AM, 2-Day Air and Next Day Saturday. Charges for special shipping are according to distance and weight.
